Autumn Term One 2018

Super Me!

Useful websites and Apps: www.makinglearningfun.com www.activityvillage.co.uk www.phonicsplay.co.uk

Literacy

We will be sharing the story of 'Supertato' and using it as a discussion point about how we are all 'Super'. We will discuss the other characters in the story and how they help their friends. We will practise how to write our names using the Read, Write Inc. letter formation rhymes. We will begin to learn individual letter sounds and have a go at writing them.

Understanding of the World

We will be sharing photographs of ourselves as babies and looking at how we have changed over time. We will learn which foods are healthy and unhealthy and have a go at naming and sorting fruits and vegetables.

Physical Development

Our first challenge in our PE sessions will be to get dressed into our PE kits as independently as we can!! We will practise skills such as running, skipping, hopping. The children will also be developing their gross motor skills through our 'Write Dance' activities which focus on large movements to music with our hands, arms and legs. We will be developing our fine motor skills by exploring with play dough, tweezers, scissors and much more.

Personal, Social and Emotional Development

During our Circle time and Thrive sessions we will share experiences and memories about ourselves, discussing our likes and dislikes. We would like the children to talk about their family members, to look at how we have grown and changed since birth. We will be encouraging everyone to make lots of new friends!

Maths

This half term we will count different objects up to 10 and then beyond. We will have a go at matching the correct number of objects to the correct numeral. We will also be looking at numbers in our environment, what they are for and why they are there, e.g. on houses, on birthday cards or on buses.

Communication and Language

Talking about ourselves will hopefully come naturally as we share all of our exciting stories about ourselves and what makes us special. We will be encouraging the children to talk about what makes them 'Super' and how they are unique.

Expressive Arts and Design

We will paint self-portraits to create a class gallery of masterpieces. We will also create 'Supertato' models when exploring fruits and vegetables.
