Welcome Comment

Hello Year 4!

I hope you are all staying safe and being kind to one another. Although we are not together at school, I am thinking about you all. Here are some activities to keep your brains busy and to build on the work you have been doing in school. It's a good idea to try and set yourself a timetable to work to, including breaks and time to move about and keep active.

English Task

Today for your English task we are going to focus on reading and our VIPERS. You need to read the next chapter of your reading book, making a note of any interesting or new vocabulary you see when you read it. You will then begin to explore this new vocabulary. What does it mean? Can it be up levelled? Can you find any synonyms (same meaning) or antonyms (opposite meaning) for your new and exciting word? You could have a go at trying to write your own short story or sentences using these new wonderful words.

Maths Task

To start with, you should spend 15 minutes on Times Tables Rockstars. Spend some time practising first and then head into the Sound Check area. Your task after this is to create a poster or a booklet that demonstrates everything you know about addition. This could be vocabulary related to addition, number sentences, word problems, maybe you could even try writing your own problems or reasoning tasks for your grown-ups to solve!

Foundation Subject Task

Your task today is to find out what types of music your family members enjoy. Do you all like the same music? What is each of your family member's favourite song? Why? Maybe you could listen to different pieces of music together with your family. Do they like/dislike any particular types of music and why? Can they identify the instruments they can hear? Can you describe how the music makes you feel? What is your favourite song? Why? Maybe you could create a picture inspired by your favourite song.

Any Further Guidance

I hope that you have enjoyed completing today's tasks. If you would like to share with me some of the work you have done, then feel free to take a photo or write an email explaining how you feel today's tasks went. You won't need to do this for every piece of work, once or twice a week will be enough.

Enjoy! Give your work your best effort!

Miss D 😊
