### **Welcome Comment**

Good morning Year 5! Well done for your efforts yesterday, I know that there were a few problems with the websites and that can't be helped, but as long as we are all trying our best then that is the main thing!

Hopefully all will go smoothly today! If there are any issues though, don't forget that you can email the Year 5 address and I will respond asap!

### **English Task**

In class we have been looking at explanation texts. Your challenge today is to design a news Mars Rover. You need to think about what a Mars Rover does and what it might need to do whilst on Mars. You could do some research on the internet to help you design your new Rover, or you could use some of the knowledge we gained from our Leicester trip. You need to draw and label your Rover – don't forget to give it a name!

### **Maths Task**

Today, I would like for you to create a poster or booklet that explains everything that you know about 2d shape. This could be names of shapes, properties (making sure you use AMAZING maths vocabulary), you could also create your own 2d shape reasoning problems (such as odd one out, true or false? What's the same, what's different, etc). If you are also choosing to draw your 2d shapes, make sure that they are as accurate as possible! Try and use a ruler!

### **Foundation Subject Task**

Year 5, I need your help! I am trying really hard to get into my new routine and I'm finding it a bit tricky! You know that I love music, so I thought you could help me out. I need a new playlist of songs to help get me motivated throughout the day and then to relax at night! I need you to think about the routine of a day (waking up, getting ready for work, concentrating on working, exercise, etc) and then write down the list of songs that could be my daily motivation! Don't forget to explain why you have chosen the songs that you have! Thank you! 😊

### **Any Further Guidance**

Year 5, you are a fabulous bunch and I know that you will be trying your best and working your hardest! I can't wait to see the playlists that you come up with or the new Rovers that you design – don't forget that you can email them over if you wish!

Also, don't get how important it is to stay active! Joe Wickes has some great activities on YouTube and there is Go Noodle, or just put on your favourite song and dance!

Enjoy! Miss McGowan 😊
