Welcome Comment

Hello Year 4!

I hope you enjoyed the activities yesterday and learnt some new information about your family members and the music they enjoy. Today's activities are listed below. Remember to keep reading and recording what you have read in your home school diary. If you finish a book, write a book review explaining what you liked and who you would recommend it to.

English Task

Listen to 'Escape From Pompeii' being read on this YouTube link:

<https://www.youtube.com/watch?v=K7aYNcv9uDI&t=269s> Once you have read it, create a comic strip of the story. You could include speech bubbles to show what the characters are saying, or thought bubbles to show what they are thinking or how they are feeling. Challenge: write sentences under each picture using a fronted adverbial (how, where, when, why e.g. Quickly,.... In the streets... Before lunch,.... Because it was busy,)

Maths Task

For today's task, you will need to log in to Education City and go to the 'Classwork' section. There will be 2 set activities for you to complete. One with a focus on adding and subtracting fractions and the other linked to negative numbers. As well as this, I would like you to log in to Times Table Rockstars. I have set up a 'Top of the Rocks' competition within the class so you will be able to compete against each other. It starts at 8.45am and ends at 3.15pm. Good luck!

Foundation Subject Task

Today, I would like you to build on your knowledge of food chains and grouping animals. Use Education City, and choose the Science section within 'subjects'. From there, choose Year 4 and select the tab 'Animals including humans'. Complete the activities 'Fast food' and 'The Huntress'. Once you have done this, create a poster to show your understanding of food chains and animals. You could have a go at creating your own food chains based on a certain habitat e.g. the sea; woodland or deserts.

Any Further Guidance

I hope today's activities have been interesting and enjoyable! I am looking forward to seeing how you have got on with the Times Table Rockstars competition and the Maths work in Education city. I would love to see your comic strips so please feel free to take a photo and share them with me.
