Welcome Comment

Good morning Year 5!

Well done for all your hard work, keep it up! I hope that you are using your time well and that you have started to create a daily routine for yourselves. This is really important to help keep you feeling happy and organised. Remember to try and stay in touch with each other if you can too and check in. It's definitely a time to be kind and nurturing and as SPARKS you can definitely do this!

English Task

Ok Year 5, today's task is a big one! You need to explain to me (and the UK Space Agency) exactly how your Mars Rover works! Remember we need to use sub-headings, causal conjunctions (cause and effect), time conjunctions and technical vocabulary. If you are finding these things a bit tricky to remember, [Twinkl](#) has some good word banks to help you, just ask your grown up to sign up for free. Twinkl also has an explanation writing tick sheet to help you see if you have remembered to include all the features you should! Give it your best shot!

Maths Task

Our next topic in maths is fractions. To start with we are going to look at adding and subtracting fractions – something that we do every week in our arithmetic test! As a reminder, you first need to watch the 'Learn Screen' on [Education City](#) and then have go at the task 'Floating Fractions'. Remember to keep working on [Times Tables Rockstars](#) too. I will be keeping a check on our leader board! Remember to use your pack to complete a maths activity, if you do not have internet access.

Foundation Subject Task

Today I would like you to demonstrate your French Skills. I know that you have been working hard with Madame Sprawson to learn the names of a range of [animals](#). Your task is to imagine that you are a pet shop owner and have a rather wonderful array of animals for sale. Create a poster that can in your shop window that explains what animals you have for sale, what colours and size those animals are. You may also wish to include how much they cost. You could even practise your spoken French at home by teaching your grown-ups the name of these animals!

Any Further Guidance

You're doing a great job Year 5! I am sure that you are impressing your grown-ups with just how fabulous you are – definitely keep it up! Remember to keep active and make sure that you are doing something each day to keep moving!

If you are having any problems with your work, please ask your grown-ups to email me and I can try and find a way to help you.

Keep doing your best! Miss McGowan ☺
