**Welcome Comment**

Hello everyone, I hope that you have a good weekend and that you are looking forward to trying some more activities at home!

Have you tried your EducationCity and Numbots logins yet? There are lots of games on these websites for you to try and have fun with at home.

**English Task**

Today we are going to have a Teddy Bear's Picnic at home! Have a go at writing an invitation to your soft toys to invite them to your picnic. You could invite your family members too that live in your house.

Remember to 'Fred Talk' each sound in the correct order that you can hear it, for example, 'Yoo ar invightid too cum too might picnic'

**If you need some guidance on 'Fred Talk' try this link below which will explain how we do it at school.**

**Maths Task**

Set up your teddy bear's picnic first with your favourite soft toys.

Can you count how many plates, bowls and cups you will need if each soft toy has one of each?

**Foundation Subject Task**

Host a teddy bear's picnic with some of your soft toys. Talk to your toys and tell about your favourite food. Perhaps you could tell them your favourite story or sing your favourite song. Just have fun and enjoy your picnic!

**Any Further Guidance**

I would love to see some photos of your picnic or even of your invitations. I hope you have lots of fun at your Teddy Bear's picnic today!! Also if you'd like some extra 'Fred Talk' practise you could try watching every day with these links:
