### Welcome Comment

Good morning Year 5!

I hope that you had a good weekend and that you managed to get out for some fresh air. I also hope that you are being as helpful to your grown-ups as you can be! I would like to thank you if you have sent work to me or if your grown-ups have been in touch. It really is lovely to hear from you and to see what you are getting up to. Please keep the emails coming and if I haven't heard from you yet, please get in touch just to let me know how you're getting on. ☺

### English Task

This week we are going to focus on 100 word challenges! Each day I will set you a writing stimulus – this might be words, pictures or even a song and you will need to produce a piece of writing that is 100 words exactly! As a write this is tricky as you will need to pick your words VERY carefully – no room for waffle! The writing could be fiction or even a poem – whatever you are inspired to write as long as it is 100 words.

Today your stimulus is 5 words. These words MUST be included somewhere in your writing. Your words are: **Astronaut, future, panic, burst, feather.** Good luck year 5!

### Maths Task

To start, please spend 15 mins on Times Tables Rockstars.

Continuing our work on fractions from last week, please have a look at WEEK 1, LESSON 1. I would like to you take a look at this [activity](#). If you can, watch the video and then have a go at the activity. You can show your answers and working out in your purple books.

This lesson is important to revise what we know about place value and it helps us revise the link between fractions and decimals. This will be super important this week.

### Foundation Subject Task

If you can, I would like for you to research Gustav Holst. We spent some time in class talking about Holst, so there may be facts that you can already remember. Record these facts in your purple book You will need them tomorrow!

Don't forget that you should also still be reading daily and recording this in your diary. If you have read a great book that you want to recommend to me, then please do!

### Any Further Guidance

If you are finding it hard to access any of the resources online, please do not panic. I know that you are all trying your best and that is all that matters. Do what you can to the best of your ability, and I will be a happy teacher! Keep up the fabulous work and make sure your grown-ups contact me if there are any questions or problems.

Keep smiling! Miss McGowan ☺
