Welcome Comment

Morning everyone,

I hope you all stayed safe over the weekend. I know it is tough going, even after just a week, so I will aim to make your learning this week as fun as I possibly can. Just so you are aware, Education City has been improved over the weekend, so you should have much less problems in accessing tasks.

If you have any problems or questions, remember to email the year six address and I will respond to you as soon as I can.

English Task

As always, I would like you to complete some independent reading of a book of your choice. Remember to head to <https://stories.audible.com/start-listen> if you fancy being read to. It would be great to hear from any of you that have used this option.

You now need to log in to Education City <https://ec1.educationcity.com/> and head into 'My Classwork' where I have left you two English challenges to complete based on clauses and advanced punctuation.

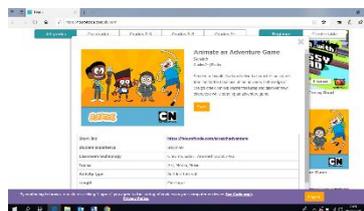

Maths Task

I would like you to Log in to Times Tables Rockstar's <https://trockstars.com/> and complete work on your times tables for 15 minutes.

You now need to log in to Education City <https://ec1.educationcity.com/> and head into 'My Classwork' where I have left you two Mathematical challenges to complete.

Foundation Subject Task

Today we are going to do some Computing. Head to the hour of code website <https://hourofcode.com/uk/learn> and animate an adventure game using Scratch coding.

Any Further Guidance

I hope that you enjoy completing today's tasks. I will be checking you have completed the Education City tasks online. For other tasks, ensure you send me evidence of the work you are producing. This does not have to be every day, but once or twice a week would be brilliant.

Now let's get learning!

Mr Salisbury.
