Hi Everyone,

I hope you have had a lovely weekend and you are all well and safe.

Thank you so much to everyone who has emailed. It is great to hear and see what you have been up to.

I am aware that it has been difficult to get on to Education City so I will try and suggest alternative activities to try just in case the website is having problems.

### **English Task**

Today I would like you spend 10 minutes sharing a story. Talk about what you have read and talk about any words that you don't understand.

Then have a go at being word hunters- Can you find any of these 'tricky words' in the book? **said, your, he, she, me, we.**

Pick one of these words; how many times can you write it in 20 seconds? Try writing this word in a sentence.

For extra practise you could try;

<https://www.ictgames.com/mobilePage/lcwc/index.html>

Phonics: If you are able to search Ruth Miskin Training on You Tube or on Facebook. These are daily lessons and each focus on a new sound. Try out the lessons that focus on set 2 and set 3 sounds.

### **Maths Task**

Play hit the button [www.topmarks.co.uk](http://www.topmarks.co.uk) this time try number bonds → missing numbers (+ and -).

Write out some calculations for your child to try e.g.  $5 + \square = 9$ . Can they count on to find the missing number? Then try out  $10 - \square = 3$ .

If you are able to you can print off some calculations following this link;

<http://snappymaths.com/addsub/addsubw10/resources/newlook/addw10missmm.pdf>

### **Foundation Subject Task**

This week I would like you to think about the topic 'Spring'. What are the signs of Spring? Talk about how you know it is springtime. What happened to the clocks on Sunday?

Each day sit in the garden/ look out of the window and write a diary account.

E.g. Today it is Monday 30<sup>th</sup> March and it is sunny. I can see... and.... You can include a picture of what you can see.

If you would like some more activities linked to spring go to

[www.twinkl.co.uk/offer](http://www.twinkl.co.uk/offer) create an account and enter the code UKTWINKLHELPS.

Sports challenge: How many star jumps can you do in 1 minute?

### **Any Further Guidance**

Don't forget if you are able to you can access games on Education city this includes Maths, English and Science games. You can also log in to <https://numbots.com>. This site is great in supporting addition and subtraction skills and they can make their own robots too. Your user name and passwords are in your school diary.

Please send me an email to let me know how you are getting on. I love looking at all your fantastic pictures.

Mrs Oakley 😊
