Welcome Comment

Good morning Language Class.

Here are your activities for today. If you have any problems or questions please email me on the MLU address and I will respond to you as soon as I can. Have fun!

English Task Please keep practising your phonics with Read Write Inc sessions on You Tube and read for 10-20 minutes each day. You could play a phonics game on www.phonicsplay.co.uk You can join for free using the username: march20 and password: home. Try starting with phase 3 games to practise your reading and spelling. (Then some of you will be ready for phase 4 and 5 games).

In 'Charlie and the Chocolate Factory' Violet Beauregard chews gum which tastes like a three-course meal. There was a problem with dessert as Violet turned purple and swelled up like a blueberry! Today can you please design a new 3 course chewing gum meal. What would be starter, main course and dessert? If something goes wrong what might happen to Violet's skin, body, arms, legs and head if she chewed your gum! You can write this down using 'The Chewing Gum Meal Writing Activity Sheet (page 1) attached or you can write it down on your own piece of paper.

Maths Y2's/ Y4's please start by practising your timestables on www.trockstars.com . YR's/ Y1's please practise counting on then back from 0-20. Then we are thinking about 3D (solid) shapes and you are going to be 'Shape Spotters!' again. How many shapes can you find in your home? (sphere, cylinder, pyramid, cube, cuboid). Can you describe them e.g. cube = 6 flat faces, 4 vertices (corners), 12 edges. Use the words 'face', 'vertices' (corners), 'edges'. Can you see a 2D shape on the 3D shapes faces? If you get chance then YR's/ Y1's can play a 2D shape naming game on: <http://www.snappymaths.com/other/shapeandspace/2dshapes/interactive/simple2dim/simple2dimm.htm> (set the timer to 10 minutes!) and Y2's/Y4 can play: <http://www.snappymaths.com/other/shapeandspace/3dshapes/interactive/3dshapeimm/m/3dshapeimm.htm> to name 3D shapes (set the timer to 10 minutes!)

Foundation Subject Task Today I would like you to think about P.E. I would like you to play a game called 'Climbing Ladders' which involves throwing underarm and practising your aim.

1. First place 3 targets (non-breakable!) on the floor in a line, 1m away from each other.
2. Then using a small object (e.g. soft ball/ cushion etc) can you throw the object and hit the first target.
3. When you have hit the first target, only then can you move onto the next target.
4. How many throws does it take to hit all 3 targets?
5. Finally, If you are playing against a partner, the first player to hit all 3 targets is the winner.

Any Further Guidance

I hope that you enjoy today's tasks. Don't forget that you can play a speech and language game with your family if you get the time <https://www.hacw.nhs.uk/childrens-speech-and-language-resources> . You might like to send me a photo of your work, or write an email explaining how well the task went. You do not need to do this for every task, once or twice a week would be enough. Have fun!

Mrs Harris.
