**Welcome Comment**

Hello everybody and welcome to Thursday. Many of you answered the Maths challenge. The answer was 43 (The man in the middle was wearing shoes and carrying two cones of chips). Enjoy today's tasks!

Shoes were worth 5 each, so was the man. Cone of chips was worth 2.

**English Task**

As always, I would like you to complete some independent reading of a book of your choice. Remember to head to <https://stories.audible.com/start-listen> if you fancy being read to. It would be great to hear from any of you that have used this option.

Now I would like you to think about the story we were reading in class. (Journey to the River Sea). I would like you to write about your favourite character in the story and explain why, using details from the text.

**Maths Task**

Head to <https://mathsframe.co.uk/en/resources/resource/486/Y6-Arithmetic-Practice> where you will find an interactive game which will test your arithmetic skills. There are 15 questions to complete, let me know how you get on.

**Foundation Subject Task**

We are now nearing the end of our rainforest project. There are two tasks left. Today's is to create a page on 'How humans are threatening the rainforest? How is this affecting the future of our rainforest. You already have a good knowledge of deforestation, so try and challenge yourself by investigating other ways humans are damaging this precious place on Earth.

Once this project is complete, after Easter, we will be looking at many other areas of the curriculum including Music, French, and P.E.

**Any Further Guidance**

I hope you enjoy today's work. Tomorrow will be the last set of work before the Easter Holiday's, so let's have a big finish to the term and nail it!

Mr Salisbury.
