Welcome Comment

Good morning Language Class. It's Monday and the start of a new week! Wow! The time is just flying by. I hope you all enjoyed receiving your resource packs last week. You may need your colouring pencils today and we will be using other resources from the pack over the next few days / weeks! This week we are thinking again of 'People Who Help Us'. I hope you enjoy today's tasks. Don't forget to keep in touch and email me photos or videos of your activities. I love to see them.

English Task Try to practise your phonics daily with Read Write Inc sessions on You Tube. Also try reading for 10-20 minutes each day. You could play a phonics game on www.phonicsplay.co.uk. Why don't you try 'Tricky Words/ Tricky Word Trucks' on phase 4 and phase 5.

Today I would like you to think about people who work in shops, supermarkets and delivery drivers who are helping us at the moment to make sure we can get food and drink. Talk with a grown up about all the different things a shop assistant or delivery driver may do e.g. stack shelves, work on tills, drive vans etc. You may know someone who works in one of these jobs and can ask them questions on the phone or by Facetime. If you were getting a parcel delivery do you know your full address? Can you write your full address correctly? Practice saying your address in case you ever need to tell someone it.

Maths Task Today Y2's/ Y4's please start by practising your timestables on www.trockstars.com. YR's/ Y1's please practise counting in 2's from 0 to 20.

This week we are thinking again about using money. Ask a grown-up if you can set up a shop today, either in the house or your garden. You will need some coins of different values. You can choose some items, stack your own shelves, price up items and take turns with a grown up to be the shopkeeper. As the shopkeeper you will need to check the shopper has given you the correct money (by adding coin values). Have a turn as the shopper too. Can you buy one item (have you got enough coins in your purse? Which coins will you use?) Maybe you can buy two or more items by adding the prices and finding the total cost. Start by using coins to 20p then up to £1/ £2. We will look at working out change later this week.

Foundation Subject Task

Today I would like you to do some Geography and think about the weather. How many different types of weather can you think of? Do you know lots of 'weather words?' Create your own daily weather chart like this and record for a week or print off the weather chart attached if you prefer.

★★★★★

Any Further Guidance

Don't forget to stay active and try and do some exercise every day. Keep on practising your speech games from Miss Chatterton. There are also lots of speech and language games on <https://www.hacw.nhs.uk/childrens-speech-and-language-resources> that you can try. Have fun!

Mrs Harris.
