### **Welcome Comment**

Hello everybody,

This week we would like you to have a go at using the scissors in your packs and develop those fine motor skills. Even just making little snips is a great start.

There is another fun physical activity that the whole family can enjoy making and then playing – all you need is a cardboard box and a pen!

We thought about what recycling you may have at home that you could re-use to make things with and have given a couple of examples. The tooth brushing from bottle ends is a great way to discuss the importance of brushing our teeth twice a day and to even begin discussing healthy and unhealthy foods.

Finally, please keep on sharing stories and talking about the books/text you enjoy together. We have out a story telling idea together for you to make things a bit more interactive and to encourage your child to make up their own stories.

### **Family Learning**

Miss McGowan has set a family Music challenge for you this week. The challenge is for your family to become musicians and to create an orchestra or band! This can be achieved by using whatever resources you have around your home. You could use pots and pans, pencils and twigs, the Hoover, any suitable and safe household objects or even yourself to make interesting sounds! If you are learning to play an instrument (or a member of your family plays an instrument) then include that in your performance! All you really need to do is get creative and be brave to compose your own song with your new 'instruments', or play along to a song that you and your family love. Visit the whole school resources page and click on the Thrive and Wellbeing button for more information and links to some video clips for inspiration. Don't forget to send a picture or video of your musical performance! We can't wait to see it!

### **Any Further Guidance**

We hope that you are all still safe and well and thank you to those of you sharing your super home learning and fun activities with us. It really does brighten our day to hear from you and find out what you have been up to.

We hope you are enjoying the new family learning challenges. Don't forget that everyone's wellbeing is of most importance during this time so dip in and out of the activity ideas as suits you and your family's needs/wants.

Take care,

Mrs C, Mrs Woodward and Miss Goodyear
