Welcome Comment

Good morning Language Class. Keep up the fantastic work! Here are your activities for today.

Don't forget to keep in touch and email me photos or videos of your activities. I love to see them. If you have any problems or questions please email me on the MLU address and I will respond to you as soon as I can.

English Task Please practise your phonics daily with Read Write Inc sessions on You Tube. You could have a go at Read Write Inc spelling sessions on You Tube too. Please try reading for 10-20 minutes each day. Are you practising the next 5 spellings on your spelling list?

Our new mini topic is all about 'Trains'. Yesterday you listed different types of transport. Try playing the activity 'What Type of Transport?' powerpoint – do you know to which group each type of transport belongs? Next please choose two types of transport from each group and in sentences write about:

1. How the two types are the same (e.g. A tractor and a car both have four wheels)
2. How the two types are different (e.g. A car has room for a driver and passengers but a tractor has a driver only)

Maths Task

Today Y2's/ Y4's please start by practising your timestables on www.trockstars.com. YR's/ Y1's please practise writing your numbers correctly. Start 0-20 and then try 0-50 (or even 100!)

Today have a go at the game 'Robot Addition'. YR's start up to 10, Y1's up to 15 and Y2's up to 20. <https://www.topmarks.co.uk/addition/robot-addition> You can use the numberline if needed but some of you will be able to work these out quickly in your head.

As an extra task why don't you be the teacher today and write your own number sentences for a grown up to do. You could have 5 addition sentences and 5 subtraction sentences. Make sure you know the answers so you can mark their work and explain the mistake if they get it wrong!

Foundation Subject Task

How did you get on with the Family Music Challenge from yesterday? I would love to hear all about it. Today we are thinking about P.E. Please check out the school website, click on Home Learning→Whole school resources and you will find a section called 'Staying active, fresh air and sunlight'. Here you will find weekly sport activities to try out at home. If you are feeling brave there is also information on how to post your achievements to social media. We may even win prizes of sports equipment for our school if we get lots of posts. Don't forget to tag our school! Or you could try to learn the Dynamite dance at <https://family.gonoodle.com/activities/dynamite>. Have fun!

Any Further Guidance

Don't forget to stay active and try and do some exercise every day. Keep on practising your speech games from Miss Chatterton. Have fun!

Mrs Harris.
