Welcome Comment

Good morning Language Class. Here are your activities for the day.

It is half term next week so there will not be any planning sent home. I will be back in touch after the half term holiday. Stay safe and have fun!

English Task Remember to practise your phonics daily with Read Write Inc reading and spelling sessions on You Tube. Most of you will be focusing on Set 3 sounds now.

Please try reading for 10-20 minutes each day. Well done to those of you who are using www.getepic.com to access more reading books.

I would like you to look at the poem from yesterday 'Look at the Train' by Kathy Henderson. Today, I would like you to create your own poem about a different form of transport. Use the poem as a model and change the method of transport (e.g. *Look at bus, Look at the bus, Look at the bus, the bus, the bus*) change where it travels and the sounds it makes (e.g. *driving by, brmm-brmm, to the bus stop, up the street*). Change key parts of the original poem for your chosen method of transport, practice and perform it.

If you have chance you could write it down too, setting it out like the original poem – line by line. I would love to see or hear your own poem creations.

Maths Task Today **Y2's/ Y4's** please start by practising your timestables on www.trockstars.com . **YR's/ Y1's** please practise counting back in 1's from 20 to 0.

Y2's/4 - Today can you watch the videoclip and activities on multiplication at <https://whiterosemaths.com/homelearning/year-2> Summer Term, Week 5 lesson 3 – the 2 times table. Then ask a grown up to give you a 2 times table test. Can you get all the questions correct? If you have covered the 10, 5 or more times tables – use these questions in your test too.

YR/1's you are thinking about writing numbers today. Ask a grown up to help you by asking you to write down a number between 0 and 20. e.g. 'Can you write down 19?' Ask them to give you numbers out of order and if this is easy, they could challenge you to numbers between 0-30 then between 0-50 or even between 0-100.

Foundation Subject Task

This week is Mental Health Awareness week. This year's theme is 'kindness'. Today I would like you to show kindness to your family and also to yourself. Being at home for a long time can be difficult for all of us and our families, but by being kind to others and to yourself this can help. Today why don't you offer to help to clear the table after dinner (without being asked!) or think of another way you could be kind to your family – it may even be by playing a game together – indoors or outdoors. Then be kind to yourself – do something you really enjoy – maybe read your favourite book or watch your favourite film or play with a pet. Have fun showing how kind you are and be kind to yourself!

Any Further Guidance

You are doing a fantastic job! I am so impressed with all your hard work. Don't forget to try and get some exercise every day or have a go at some cosmic kids yoga on YouTube. Keep on practising your speech games from Miss Chatterton. Wishing you a lovely half term holiday.

Mrs Harris.
