Welcome Comment

Good morning! Have you had a go at the photography illusion challenge this week? There is a prize for the best photo! There are more details on the school website, here is a link [RSA photography competition week 2](#) See if you can have a go!

Here is the link for your daily phonics session if you'd like to have a go; [Read, Write Inc phonics link](#).

English Task

For today's task, it would help to listen to the story again –

[Commotion in the Ocean](#).

Choose a creature from the story and write the creature's name on a piece of paper. Now think of as many words you can that rhyme with the word. For example if you wrote down the word 'shark' you might write down 'dark' and 'park'. Try and think of as many words as you can (you could use the words in the story to help you!) Use 'Fred-talk' to help you order the sounds in each word. We are going to use these words tomorrow to write a silly rhyming sentence about the sea creature, so keep your writing safe!

Maths Task

For today's task we would like to solve a maths addition problem. You will need the counters in your home learning pack to help you. Read the problem and count out that many counters, then see how many more you need to add. Can you work out how many fish are in the cave? Can you write a number sentence to show what numbers you have added together?

Starry-Eyed Stan Addition and Subtraction

- 1 2 fish were swimming in the cave.
- 5 more fish swam in.

How many fish were in the cave now?

Foundation Subject Task -

Have a look around your home and find 2 things that you think will float and 2 things that you think will sink. Ask a grown up to help test if you are right!

Any Further Guidance

We hope that you have enjoyed today's activities, please let us know if we can help in any way by emailing us at the above address.

From Mrs Digger and Mrs O'Connell 😊
