### Welcome Comment

Good morning Year Six and welcome to a brand-new week. I hope the first week back for some of you went well, and that every body is staying safe. Below are today's activities for you to have a go at. May I also remind you about the photography competition that the RSA are running called 'Through the Window'. Take your beautiful photographs and get them sent in to the year 2 email for your chance to win a voucher.

### English/Transition Task

I would like you to complete some independent reading of a book of your choice, whether online or in your hands. Our class score on 'Go Epic' is over 250 books now, well done to you all!

Below is today's countdown conundrum. How quickly can you work out the nine-letter word. Don't forget to make as many words as you can as well.

**H O K O A S D B N**

You might be attending a secondary school that none of their friends/peers are attending. Even if they are, they might not be in the same classes or on the same timetable as you. Therefore, you will need to make some new friends. I would like you to make a top tips poster on the best way to make new friends. Watch this video: <https://www.bbc.co.uk/bitesize/articles/znhf7nb> to help you gather some ideas on the best way to make friends or speak to family members/your teacher about how they made friends when they went to secondary school.

### Maths Task

For today's Maths challenge I would like you to try and work out the following:

#### **Finding all possibilities:**

**How many oblongs (rectangles) are there altogether in this drawing?**

There are more than you think, so take your time and persevere. Get your answers in to the year six email as soon as you think you have found them all.

### Foundation Task

Mrs Digger has set a family Design and Technology challenge for you today. As we are seeing so many rainbows around at the moment, we thought we'd use the symbol of hope for our DT family challenge.

We would like you to have a go at creating your own Rainbow themed food. You could use a rainbow of fruits or vegetables or a selection of coloured treats!

Email a picture of your creation and your name to your class email address. We will display your photographs in our D.T. classroom and some of the best creations will be shared on our school website. **You MUST include rainbow colours.**

Mrs Digger did it with sweets—how will you do yours? Visit the whole school resources page and click on the '**Thrive and Wellbeing**' button for more information and a preview of Mrs Digger's example. Have fun!

### Any Further Guidance

So that's Monday's learning, I hope you enjoy and have a great day. Don't forget to check out the school games challenge again this week on the school website. The theme is 'Catch it' and you have to throw a ball against the wall, clap and then catch it. How many times can you do this before dropping the ball.

Get your entries in and good luck!

Mr Salisbury
