Welcome Comment

Welcome to a brand-new week Year Six. I hope you had a lovely weekend and looked after your dads yesterday. 😊 I'll begin today with some reminders. Firstly, there is another photography competition to have a go at this week called illusions. There are some fantastic prizes on offer and more details are available in the 'general section of our website. There is also the final virtual sports competition to have a go at. This week's theme is 'agility running' and more details can again be found on the website. I also have some interesting activities for you to get your teeth into so what are you waiting for? Go for it!

English/Transition Task

To begin with, I would like you to read for pleasure for fifteen minutes. It is so important to keep reading through this period of uncertainty, and thank you to those of you who keep me updated with what you are reading, our class total is really building on 'Go Epic' too so keep it up.

Here is today's countdown conundrum.

L T A S E S H R E

At secondary school, you will need to become much more independent, and an important part of this will be how well you communicate with your parents/carers. Begin by thinking about how much you talk to your parents/carers. Could you do more? Below, I have set you four scenarios. For each one, I want to describe how you would best solve them and write a paragraph describing this. Think about how you would use your parents/carers to help you do this.

Scenario 1: You have got a detention at school. How are you going to explain this to your parents?

Scenario 2: Explain to your parents about the after school clubs that take place at your school. Which ones do you want to take part in?

Scenario 3: You return back to school but you have to social distance from your classmates. How is this going to work? How are you going to abide by these rules?

Scenario 4: Your parents want to know how you are going to get to school safely. Explain your route to them and also your back up plan. How long will it take you? When will you arrive at school and return from school? How will you let your family know you are safe? Use the route you created in week 2 to help you.

Maths Task

To celebrate the return of the Premier League, I have a special challenge set by them. Throughout today, I want you to take part in a number challenge. All is explained on the attached sheets. Let me know just how many numbers are a part of your daily life.

Example

- 8:00 am Made **2 pieces** of toast for breakfast.
- 11:00 am Played football with my **1 sister**. I lost **3 - 2**.
- 11:45 am Washed my hands for **20 seconds**.
- 2:00 pm Turned to **page 31** in my book and read for **½ an hour (or 30 minutes)**.

Foundation Subject Task

Mrs Fassnidge has set a family Thrive challenge for you today. The challenge combines the outdoors with Art. Your task is to go on a nature colour hunt. The world around us is awash with colour. Nature uses colour to make sunsets more breathtaking, flowers more exquisite and wildlife more captivating. Your nature colour hunt can be completed anywhere safe that is outdoors – in the garden, in a park, along a nature trail. Take time to notice the colours around you. Look closely at the different shades of colour – you could try to learn some new colour names. Collect leaves, petals etc and use them to create a nature display. This could be a nature colour wheel, a wall hanging, a sculpture or for more information and inspirational ideas **visit the whole school resources page – 'Thrive and Wellbeing.'** (There are some simple, effective examples for you to try out!) Be creative and enjoy!

Any Further Guidance

Well that's Monday's activities which I hope you enjoy. Take care Year Six and I'll be in touch tomorrow with more fun guaranteed. Mr Salisbury.
