Hi Everyone,
 Here are your tasks for today.
 We hope you have tried out the Worcestershire Virtual School Games challenge this week and had fun with the photograph competition! (All information is on our school website).

English Task

Yesterday we asked you to draw a picture on your postcard. Today we would like you to start writing your postcard as if you were the snail.
 Start with who the postcard is to. It can be informal as it is a postcard, you could start with 'Hi my snail friends' This will go at the top.
 Then write an opening sentence for example; I am having great fun with my new friend The Whale.
 After this you can say what you saw. Use time connectives to start each sentence;
 First I saw...
 Then I saw...
 Next I saw...
 Don't forget to try and use your best adjectives or you could try and use **simile!** (**Waves as big as mountains**). Tomorrow we will finish the postcard!

Maths Task

Today we would like you to start with practising counting in 2s, 5s and 10s

After this we can you look again at **capacity**. Can you find 3 different containers (that would hold more than 1 cup of water). First put them in order of which you think would hold the most about? Then test your predictions by filling each one with water using the same small cup. Did you put them in the correct order?

Foundation Subject Task

Today we would like you to have a go at following instructions. Carefully follow the instructions to draw your own sea turtle and then talk to your grown up about how you did it. Remember to say what you did first, then, next, after that and finally. When you have finished you can decorate your sea turtle and add it to your coral reef you did yesterday.
