### Welcome Comment

Good morning Year Six and welcome to Friday. It really is crazy how quickly these weeks are going by. I can't believe that by next week we will be in July. Below are today's tasks for you to have a go at. Enjoy!

### Young Enterprise English Task

As always, I would like you to begin by reading for fifteen minutes. Our 'Go Epic' score is now over 300 books, well done to you all.

Today we are going to look at slogans in preparation for your Young Enterprise task. Slogans are a memorable short, snappy phrase that briefly describes a product. I have written some below, can you work out the product. Now complete the attached worksheet. Answers in to the year six email please.

**Soft, strong and very very long.** \_\_\_\_\_

**The soap you can believe in.** \_\_\_\_\_

**How do you eat yours?** \_\_\_\_\_

**The nations favourite.** \_\_\_\_\_

### Maths Task

Today I would like you to head to <https://www.bbc.co.uk/bitesize/articles/zypy6g8>. Here you will find an online lesson which challenges you to convert between miles and kilometres. This is something you had a go at with Miss Crawley earlier in the year. The website will revise the skill with you, you can watch a video to help, and then there are a series of tasks to complete. Give it a go and let me know how you get on.

Miles	Kilometres
1 mile	≈ 1.6km
5 miles	≈ 8km

### Foundation Task

Back to your Young Enterprise challenge. Now that you have carried out your questionnaires and analysed (looked at the results) the time has come to decide which product or service you will be creating.

- You need to give your product or service a name.
- You need to think of a catchy slogan that will stick in people's memories (extra points awarded for good use of persuasive writing tricks).
- You must describe your product or service in no more than 200 words.
- If it is product you would be selling you must create a drawing/design of that product.
- I would like you to also create an advertisement for this product. This can be done on paper or on a computer.

### Any Further Guidance

That's all for today Year Six. Have a great weekend and I'll be in touch next week with some more learning challenges. Take care!

Mr Salisbury.
