### **Welcome Comment**

Good morning Language Class. It's Monday again and the start of another new week! Here are your activities for today. Keep up ther fantastic work!

Don't forget to keep in touch and email me photos or videos of your activities. I love to see them. If you have any problems or questions please email me on [mlu@suttonpark.worcs.sch.uk](mailto:mlu@suttonpark.worcs.sch.uk) and I will respond to you as soon as I can.

**English Task** Please practise your phonics daily with Read Write Inc reading and spelling sessions on You Tube. You should be practising your set 3 sounds. Please try reading for 10-20 minutes each day.

This week we are going to recap what you have already learnt about lower and upper case letter formation and use of capital letters in sentences. Please also practise the next 5 spellings on your list as I will be asking you to have a spelling test on Friday.

Please write the alphabet in order -saying the sound and name of each letter as you write it. Can you write the lower case and upper case (capital letter) for each one? You can use your whiteboard or paper to do this. If you forget how to form a letter correctly then look back at last week's work to remind you.

### **Maths Task**

Please all start by doing some mental maths addition using [https://coolsciencelab.com/math\\_magician\\_addition.html](https://coolsciencelab.com/math_magician_addition.html) . Start with 'Mixed Level 1' . How many can you answer correctly in the time?

This week we are thinking about time. Start by watching this video clip <https://www.bbc.co.uk/bitesize/topics/zhk82hv/articles/zcmdwxs> . Then today I would like you to use a stop watch/ phone stopwatch/ timer and see how long different intervals of time are. I would like you to see how many times you can walk up and down a room in your house for a) 2 minutes b) 1 minutes and c) ½ a minute (30 seconds) and record this in a simple table.

### **Foundation Subject Task**

Today, Mr Salisbury would like you to take part in a special Science challenge: Design the best paper aeroplane. I would like you and your family to work on designing and creating the best paper aeroplane possible. Think about wing length, nose design and what you could add to your paper aeroplane so that it is air resistant and flies the furthest possible. When you have created your aeroplane, take a picture or video if in action and email your entry to Mr Salisbury at: [Year6@suttonpark.worcs.sch.uk](mailto:Year6@suttonpark.worcs.sch.uk).

Check out: <https://www.scarcroft.york.sch.uk/paper-aeroplane-challenge/> for some great ideas and templates you could use, and of course more *information can be found on the school website. Go and create your flying machines!*

### **Any Further Guidance**

Try and keep active every day! Don't forget you can still join in P.E. with Joe Wicks on You Tube <https://www.youtube.com/watch?v=UFKf4X0pyKs>. Please keep on practising your speech games from Miss Chatterton and let me know how you are getting on. Well Done!

Mrs Harris.
