Welcome Comment

It's Monday again! I hope you had a great weekend and you are refreshed and ready to face this week's challenges. I hope you enjoy them. This week you can log on to view our sports challenges www.activehw.co.uk/worcestershire-school-games from 10.30am each day. We look forward to seeing pictures of your activities.

English Task

On the surface, everything looked ordinary. The boy in the boat was bored. He had lived beside this boring river with his boring family for his whole boring life. Nothing unexpected ever seemed to happen to him. He often went to bed at night and wished for something exciting in his life.

Little did he know, underneath the ground he walked on and the river he rowed his boat on, a marvellous, mysterious, magical menagerie of life stirred.

his life was about to become a lot more interesting...

Can you write the next paragraph of the story?

Maths Task

Farm Yard Fun

On a farm there were goats; sheep; hens and cows. $\frac{1}{2}$ of the animals were hens, $\frac{1}{3}$ were sheep, $\frac{1}{10}$ were cows and the rest were goats.

If the farm had more than 200 animals but less than 230, how many sheep, hens, cows and goats were there on the farm?

If there were more than 250 animals altogether but less than 280, how many sheep, hens, cows and goats were there?

Foundation Subject Task

Today, Mr Salisbury would like you to take part in a special Science challenge: Design the best paper aeroplane. I would like you and your family to work on designing and creating the best paper aeroplane possible. Think about wing length, nose design and what you could add to your paper aeroplane so that it is air resistant and flies the furthest possible. When you have created your aeroplane, take a picture or video it in action and email your entry to Mr Salisbury at:

Year6@suttonpark.worcs.sch.uk.

Check out: <https://www.scarcroft.york.sch.uk/paper-aeroplane-challenge/> for some great ideas and templates you could use, and of course more information can be found on the school website. Go and create your flying machines!

Any further guidance

I look forward to seeing how far your paper aeroplanes will fly! Have fun and the sky's your limit! Miss D and I have been slightly disappointed by the limited number of emails recently. Please remember to email at least once a week to show us what you have been doing and say hi. Send your emails to

year3@suttonpark.worcs.sch.uk
