- 5.) Find a synonym for 'understand' on Page 217.

CHALLENGE:

Predict what you think will happen next for Zero.

Maths Task

Today our maths challenge is MAGIC! You will definitely be able to impress friends and family with your amazing maths brain power!

Read the instructions carefully and see how many people you can impress today!

The resource is available in our Year 5 area. 😊

Foundation Subject Task

In French last week, you were tasked with designing your own menu for your own French café. Today we are revisiting our menu theme. However, I would now like you to design the menu that you think the boys would have at Camp Green Lake. We have heard in the book that the food is not so good! So, what food do you think would be served to the boys?

Create your Camp Green Lake menu by saying what the different meals would be, but also what the ingredients are for each dish. Break your menu up into the three main meals of the day. If you need a bit of inspiration with how your menu could look, research on line to look at menus from the places that you like to visit.

Any Further Guidance

It's been a great start to the week already Year 5 and you are completing some lovely work. I am looking forward to seeing what you come up with for your Camp Green Lake menu. Keep up your hard work and fabulous effort, lots more great challenges for you this week! Keep up the emails as well!
