### **Welcome Comment**

Morning Year 5! I hope your week is going well so far! Thank you so much if you have already been in contact this week. It is always great to hear from you. This morning, I have a 90s classic for you to dance along to if you fancy it! Have fun!

<https://family.gonoodle.com/activities/two-princes>

### **English Task**

Again we will focus on chapter 46-48 today, but we will answer questions that will challenge our inference skills! Write your answers in full sentences and use the text to support your answers.

- 1.) How many minutes had passed before the start of Chapter 46?
- 2.) Why would it have been strange for Stanley to disappear on this day?
- 3.) Why does the warden tell Mr Sir to keep the children busy?
- 4.) Why does she tell him to tell the children to imagine how long the punishment will be?
- 5.) Why did the warden say it was her suitcase?
- 6.) Why did the warden sound disappointed that Stanley was still alive?
- 7.) How does Zero get out of the camp?

### **Maths Task**

Today's challenge is all about CAKE! One of my favourite things to talk about! Today you are looking at data collected from the cake sale and answering questions about the data.

Read the questions carefully and give it your best shot. The resource will be available in our Year 5 area. 😊

### **Foundation Subject Task**

Today we are going to revisit our body percussion online tutorial to try and further develop our skills.

Click on the link below and follow the instructions! Watch carefully – it's difficult to keep up sometimes!

### **Any Further Guidance**

Thank you for all of the emails so far this week – you are doing a great job at keeping in touch with us. Mr Salisbury has told me how impressed he is with you (and he doesn't say that if he doesn't mean it Year 5!). Send him an email to let him know how fabulous you are if you haven't already.

Keep up the fab work,

Miss McGowan 😊
