# Paper Aeroplane Challenge!

This week's challenge is Science based. Why not try something fun while you're at home or in school? Challenge yourself to build some tricky paper aeroplanes and see how well you can make them fly!

Your challenge is for you and your family to work on designing and creating the best paper aeroplane possible. Think about wing length, nose design and what you could add to your paper aeroplane so that it is air resistant and flies the furthest possible. Add colour and pictures after to make your plane look brilliant.

**When you have created your aeroplane, take a picture or video it in action and email your entry to Mr Salisbury at: [Year6@suttonpark.worcs.sch.uk](mailto:Year6@suttonpark.worcs.sch.uk).**

Check out: <https://www.scarcroft.york.sch.uk/paper-aeroplane-challenge/> for some great ideas and templates you could use. What are you waiting for?

Off you go and make your wonderful flying machines!
