Pupil Premium - Reporting to Parents and Carers 2019-2020

The school is allocated money from the Government in order to address the current National inequality in attainment between disadvantaged pupils and their peers. Schools are able to spend this money called Pupil Premium as they see fit, however, we are accountable for how we spend it and the impact it has had on raising standards for pupils. We are committed to meeting the needs of all our pupils and this philosophy underpins all our teaching and learning principles:

- We ensure that teaching and learning meets the needs of all children;
- We ensure that appropriate provision is made for children who are vulnerable, this includes ensuring that the needs of disadvantaged children are adequately assessed and addressed;
- In making provisions for disadvantaged children we recognise that not all children who receive Free School Meals are socially disadvantaged;
- We also recognise that not all children who are disadvantaged qualify for Free School Meals.

We reserve the right to allocate the Pupil Premium Funding to support any child or group of children the school identifies as being disadvantaged. Pupil Premium Funding will be allocated following a needs analysis, which will prioritise individuals, groups, classes or year groups.
